

**GOVERNMENT OF KARNATAKA  
(Department of Horticulture)**

No.DH/ADD/(Fruits)/ADH/34/2018-19.

Office of Director of Horticulture  
Lalbagh, Bangalore-04  
Dated: 02.05.2019

**REGISTRATION DOCUMENT**

**Sub:** Notification for registration of Water Tanker manufacturers under the Programme of Assistance to purchase of water tanker under various schemes of Horticulture Department for the years 2019-20 and 2020-21.

\*\*\*\*

Applications are invited from Water Tanker manufacturers for registration to empanel manufacturers of water tankers under the programme of **Assistance to purchase of water tanker** under various Schemes for the years 2019-20 and 2020-21. The registration will be valid for Horticulture department for the years 2019-20 and 2020-21. The department of Horticulture reserves the right to extend or restrict this registration to any other department or extend or restrict the time period if it deems fit.

**The last date for submitting the filled in registration forms to the Office of The Additional Director of Horticulture (Fruits), Directorate of Horticulture, Lalbagh, Bangalore-04 is 06.06.2019 before 3.00 P.M.** The terms and conditions are as follows.

**Terms and conditions:**

**1. Manufacturers Qualification**

1.1 While registering the manufacturers, the following aspects shall be ensured:

- 1.1.1 The company must manufacture water tanker
- 1.1.2 The company must provide free after-sales service to the farmers for at least five years. Moreover, they should set up service centers as explained in annexure -II in their service area at least at district level.
- 1.1.3 The companies shall supply water tanker for the technical specification and approved rate (Annexure-1) only.
- 1.1.4 The manufacturer should have a minimum business turnover of Rs.25.00 lakhs per annum for last three consecutive years and should have sold at least 20 number of water tanker per year in case of small scale industry located in Karnataka and of Rs. 50.00 lakhs per annum for last three consecutive years in case of others. In case of new small scale companies of Karnataka registering for the first time and whose turnover is less than Rs 25.00 lakhs the Department of Horticulture reserves the right of considering such companies for qualification. Original copy of statement of accounts to be enclosed.
- 1.1.5 The manufacturer shall submit a bank Guarantee, of Rs. 10,000/- (Rs. Ten Thousand only) valid for a minimum period of Two years. The Department reserves the right to increase the Bank Guarantee if it deems fit.

- 1.1.6 They should **agree to the Technical Specification and rate approved for water tanker** (Annexure-I) by the Department. Only those companies who agree to this condition may apply.
- 1.1.7 The registration will be normally valid for the period 2019-20 and 2020-21. The department reserves the right to restrict/ extend the period of registration with or without assigning any reason. The registration will be kept open even after the last date prescribed in the notification and empanelment will be done every month.
- 1.1.8** The manufacturer should have ability to extend services of repair / maintenance of water tanker. They should have qualified staff who have the required knowledge and capabilities of repair / maintenance of water tanker. The company should have at least one such qualified staff for every 2 districts. **The document in this respect shall be submitted.**
- 1.1.9 Normally the registration will be for entire state as area of operation. If a company/manufacturer has limited number of qualified persons and other resources he can restrict his area of operation accordingly to the part not less than 3 districts. The decisions on area of operation of any company may be restricted by the department.

## **1.2 The Manufacturer/ Company's roles and responsibilities**

- 1.2.1 The manufactures should have network for providing after sales service as defined in annexure-II in their areas of operation. Operation and Maintenance of the water tanker though simple, the manufacturers, should provide detailed operational and maintenance manuals in the vernacular language at the time of sale of water tanker.
- 1.2.2 The water tanker should be supplied to farmers directly by the manufactures or through their authorized distributors/ dealers. In all cases, the manufacturers should authenticate the invoices, bills, designs / specifications.
- 1.2.3 The manufacturer/company themselves or through their dealers should assist the beneficiary in submitting records and bills to the Implementing officer for the purpose of obtaining assistance under the scheme.
- 1.2.4 The manufacturer should have sales service network as defined in annexure-II of their own in Karnataka at least at taluk level in their area of operation
- 1.2.5 In the event of parts of the water tanker getting broken or damaged during trial run at the site before handing over the water tanker to the customer farmer should be replaced.
- 1.2.6 Free after sales service should be provided by the manufacturer / authorized distributor at least for five years. If any system manufacturer fails to provide such free service, appropriate action will be taken against them, including and not limited to forfeiting of bank guarantee/ security deposits and blacklisting.
- 1.2.7 The manufacturer should take the responsibility for any disputes arising from the sale of water tanker through their distributors or dealers.
- 1.2.8 The Department is free to take strong punitive measures including and not limited to forfeiting of bank guarantee/ security deposits, blacklisting against erring companies as well as against their dealers/suppliers, in order to safeguard the interests of farmers and to ensure effective utilization of public funds.
- 1.2.9 Manufacturer must provide "**user manual**", regarding operation and maintenance of water tanker to the farmers.
- 1.2.10 The warranty/guarantee for the water tanker shall be at least five years from the date of handing over the water tanker to the farmer by the water tanker manufacture. If any parts of water tanker is found to have manufacturing defect or poor workmanship within the warranty period, they shall replace the same free of cost within five days of intimation and if repairs are required, it shall also be carried out by company within the aforesaid time period of five days at companies cost without any demur or dispute.

### 1.3 Quality Control

- 1.3.1 Frequent surveillance by inspection teams comprising officials from Department of Horticulture, will be taken up. The random samples will be drawn and checked. At the time of inspection, the water tanker should be fully functional.
- 1.3.2 In case of detection of failures or supply of poor sub-standard quality water tanker the concerned manufacturer will be issued warning for the first offence. In case of subsequent offences, the Company will be deregistered and restricted from participating in the said Scheme in addition to invoking of bank guarantee. In addition the manufacturer has to pay back entire amount to the farmers.
- 1.3.3 In case of any dispute in quality the aggrieved may appeal to the district level officer, and then to the respective head of the departments. The decision of the head of the department will be final in this regard.
- 1.3.4 The representatives of the departments, Government of Karnataka will have authority to inspect any manufacturing unit, godowns of manufacturers, distributors and dealers and to draw samples and test the water tanker. Any defects found will lead to disqualification of that manufacturing company.
- 1.3.5 Registration of the water tanker manufacturers will be done by Department. Only those Manufacturing Companies which have all the facilities to ensure the quality, specifications and who can provide prompt after sales services as defined in annexure -II will be registered. While registering, the manufacturers should declare the technical details of the water tanker proposed to be manufactured and supplied.

### 2. Dealers approval and Qualification

- 2.1 The approved manufacturer can directly take up sale and supply of water tanker by the company or through their approved dealers. Such approved dealers can raise the bills which should be authorized and countersigned by the manufacturer with date. The approved manufacturer and their authorized dealers should follow the guideline of the Department of Horticulture strictly. Dealers raising false bills and /or violating any norms/rules/ guidelines will be penalized heavily including and not limited to forfeiting of caution money and blacklisting and the concerned company will also be made responsible for the same. This will be viewed seriously and action will be taken against such manufacturer and dealers.
- 2.2 The dealer should have knowledge of repairs and maintenance of the water tanker
- 2.3 They should possess required TIN certificate, PAN Number and all other related statutory requirements.
- 2.4 Any disputes or discrepancies in the sale of water tanker by the dealer would lead to blacklisting of the dealers and penalty of minimum of Rs.50,000/- to the manufacturer. It may also lead to cancelation of empanelment of the manufacturer/company.
- 2.5 They should not have been blacklisted by the State Government.
- 2.6 If necessary, additional dealer approval may be solicited by the registered company/ manufacturer. However, the department reserves the right to approve/reject the approval of additional dealers without assigning any reason.
- 2.7 The Department/State reserves the right to restrict the number of dealers for any company if it deems fit.

### 3. Implementation of the scheme

The following points are to be considered by the manufacturers while implementation of the scheme.

- a. Good quality water tanker having Technical Specifications as per the Karnataka Motor Vehicle Act 1989 rule 184 are to be sold.

- b. As per the GOI notification No:SO:728(e), Dated:18.10.1966 para 3 the maximum laden weight (6000 kg) and maximum Gross laden weight (6000 kg) and as per the Central Motor Vehicle Act 1989 rule 95 the maximum laden weight (5960 kgs) maximum Gross laden weight should be within this limit. The speed limit of the water tanker should be 30 kmph.
- c. Proper warranty and a user's manual for running & maintenance of the water tanker may be is provided to farmer.

The important aspects of mode of implementation has been briefed in Annexure-III, the manufacturers should adhere to it.

#### **4. Norms for Registration**

- 4.1 The manufacturers willing to register for water tanker for approved Technical Specification and approved rate (Annexure-I) must apply separately.
- 4.2 The original registration form should be duly signed and submitted along with the bio-data of the signatory. In case of Proprietary concern, affidavit of ownership and a copy of the certificate of Registration have to be submitted to know the person authorized to sign the document.
- 4.3 Interested manufactures can obtain prescribed document on payment from the office of The Additional Director of Horticulture (Fruits), Lalbagh, Bangalore on any working day from 03.05.2019 to 03.06.2019 between **10.30 AM to 5.00 PM**. **The cost of the document is Rs.1,000/- which can be paid by DD payable to Director of Horticulture** The document can also be downloaded from the website: [www.horticulture.kar.nic.in](http://www.horticulture.kar.nic.in). In such cases the cost of the document has to be paid on or before the last date of submission of registration document. The duly filled in application along with all required documents should be submitted in sealed covers to office of the Additional Director of Horticulture (Fruits), Lalbagh, Bangalore-04 with in prescribed date and time. The cover should have been captioned as "**Application for Registration of water tanker manufacturers /company**".
- 4.4 The registered manufacturer should submit Rs. 10000/- (Rs. Ten Thousand only) as **Security Deposit in the form of Bank Guarantee in favour of the Director of Horticulture** and enclosed to the registration form indicated in Annexure-IV. The Bank Guarantee shall have validity of minimum of two years.
- 4.5 The registration of manufacturer process is the "continuous process round the year"
- 4.6 The registered manufacturer should pay non refundable (if registered) registration fee of Rs.5000/- through DD drawn in favor of the **Director of Horticulture** and enclosed to the registration form indicated in Annexure-IV.
- 4.7 The manufacturer **should agree to the price approved for water tanker** by the Department (Annexure - I) and supply the same to the farmers at this rate, the same rates will be considered while calculating the subsidy amount.
- 4.8 The manufacturers should not deviate from the approved price. In case the manufacturer/dealer is found billing higher price for the water tanker such manufacturer is liable for stringent action, penalty up to Rs.50,000/- per case and/ or blacklisting the company.
- 4.9 If the water tanker sold by the manufacturer does not meet the Technical Specification approved and if the water tanker is of bad quality the Commissioner of Horticulture/ or person authorized by him is empowered to initiate suitable action against the manufacturer including and not limited to forfeiting of bank guarantee/ security deposits, blacklisting.
- 4.10 The manufacturer must provide free of cost services and ensure availability of fittings and spare parts of the water tanker within five days of getting the request from the farmers or Field Representative on behalf of the farmer.

- 4.11 The Department Implementing Officer shall have the right to examine the standards of water tanker for taking further decision.
- 4.12 The dealers approved by manufacturer for sale of water tanker should not have been blacklisted before by any Govt., Department.
- 4.13 The manufacturer and their approved dealers should invariably possess required tax registration certificates and pan card. The dealer should enclose copies of such certificates and pan card with registration form (The copies of such documents of dealers may be submitted at time of registration of dealer).
- 4.14 Manufacturer should submit the list of authorized dealers, along with their bio-data and required area of operation (not more than 3 districts) in the registration format. The manufacturer must certify that the dealers work only for their company.
- 4.15 Manufacturer along with hard copies of required documents should also submit the list of authorized dealers via **E-mail** to [adfruits@gmail.com](mailto:adfruits@gmail.com) (**MS Excel only**) as follows.

<b>Sl. No.</b>	<b>Dealer Firm Name and Address</b>	<b>Proprietor Name</b>	<b>Aadhar No</b>	<b>Phone No</b>	<b>GST No.</b>	<b>PAN No</b>	<b>Area of operation (not more than 3 Districts)</b>
<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>	<b>7</b>	<b>8</b>	<b>9</b>

- 4.16 In case of default by the manufacturer, the Security Deposit / Bank guarantee submitted by them will be forfeited to the Government and the company will be black listed. Late receipt of the application sent by post, or in person will not be accepted.
- 4.17 The successful manufacturer shall execute an agreement with Government of Karnataka represented by Additional Director of Horticulture, (Fruits), to abide by the terms and conditions of the registration on Rs.200/- (Rupees Two hundred only) Judicial stamp paper.

## **5 Punitive action**

- 5.1 Punitive action includes and are not limited to warning, penalty of Rs. 50000/- or above, forfeiting of bank guarantee, black listing and legal action depending on the gravity of the fault/offence, any one or more than one punitive action may be imposed at a time.
- 5.2 Under following circumstances punitive actions will be imposed.
- 5.3 If the water tanker sold by the manufacturer does not meet the Technical Specification approved / if the water tanker is of bad quality
- 5.4 In case of detection of failures or sale of poor sub-standard water tanker, the concerned manufacturer will be issued warning for the first offence. In case of subsequent offences, the Company will be deregistered and restricted from participating in the empanelment of the departmental scheme in addition to invoking of bank guarantee. In addition the manufacturer has to pay back entire amount to the farmers.
- 5.5 Manufacturer/Dealers raising false bills and without installation and/or violating any norms/rules/ guidelines will be penalized heavily including and not limited to forfeiting of caution money and blacklisting and the concerned company will also be made responsible for the same. This will be viewed seriously and action will be taken against such manufacturer and dealer
- 5.6 For any disputes or discrepancies in the sale of installation of water tanker by the dealer lead to blacklisting of the dealers and penalty of minimum of Rs. 50000/- to the manufacturer.

- 5.7 Free after sales should be provided by the manufacturer / authorized distributor at least for five years. If any manufacturer fails to provide such free service, appropriate action will be taken against them, including and not limited to forfeiting of bank guarantee/ security deposits and blacklisting.
- 5.8 If false documents are found to be submitted at the time of registration, the registration of such companies/dealers will be cancelled, blacklisted and their bank guarantee will be forfeited.
- 5.9 The dealers approved by manufacturer for supply and sale of water tanker should not have been blacklisted before by any Govt., Department.

## **6 List of Documents to be submitted along with registration form (Annexure-3)**

- 6.1 Copy of the Certificate of Registration of the firm
- 6.2 Statement of account for last three consecutive years.
- 6.3 Copy of RTO License (Blue print) for water tanker.
- 6.4 Manufacturer should submit a Bank Guarantee of Rs.10000/- for Two years.
- 6.5 DD of Rs.5000/- towards registration fee (non refundable if registered).
- 6.6 Copy of Income Tax returns filed, (last two years) Pan Card of company/dealer, Tax certificates.
- 6.7 Vat certificate of last two years.
- 6.8 Certificate to be submitted by the manufacturer for having sold the minimum 20 number of water tanker
- 6.9 Should enclose leaflet/ brochure of technical specification of the water tanker manufactured and to be supplied.
- 6.10 List of authorized signatories with their specimen signatures.
- 6.11 List of authorized dealers along with area of operation [soft copy as mentioned in 4.18] and dealer wise bio data with PAN, GST (Annexure-V)
- 6.12 List of after sale service centers.

### **Legal Jurisdiction:**

Arbitration charges if any to be negotiated by **Director of Horticulture, Lalbagh, Bangalore**. For any legal remedies, the court at Bangalore shall only have the Jurisdiction.

**Sd/-**  
**Director**  
**Department of Horticulture**  
**Lalbagh, Bangalore-04.**

## Annexure-I

### Technical Specification for 4000 & 5000 Liters Capacity Two Wheeler Water Tanker Trailer with Spring

#### General Specification:

<b>Chassis</b>	:	Chassis made up of standard steel rolled sections that is MS channels and properly welded structures and sufficient cross members provided maximum load bearing capacity with low unladen weights, resulting in maximum payload and construction ensures maximum Torsional stability.
<b>Towbar</b>	:	A strength tow bar fabricated by suitable standard steel rolled section for easy turning radius.
<b>Body</b>	:	Body or platform made by MS sheet welded on MS channels cross members above the chassis and doors made out of pressed steel sheets or plain sheets with angle iron frame.
<b>Axle</b>	:	Axle made out of special alloy steel and designed to suit taper roller bearing to take proper payload. The bearing journals Machined to close tolerance and induction hardened for long life server operating conditions.
<b>Breaks</b>	:	Mechanically operated internal expanding breaks arrangement Lever system in front of the trailer
<b>Lubrications</b>	:	All bearings lubricated by heavy duty wheel bearing grease and with an arrangement to retain in the hub by oil seal and hubcap.
<b>Finish</b>	:	Good quality synthetic enamel paint of different colors spray painting done over the anticorrosive red oxide.

#### **Specification for 4000 lts capacity**

<b>Mode of operation :</b>	:	Water Tanker on Trailer Chase tractor (4000 lt capacity) Drawn with spring suspension blade set
<b>Type &amp; Size (mm) :</b>	:	Parabolic hexagonal diameter with elongated length (2000 x 210 x 1260) mm
<b>Volumetric capacity of the water tanker</b>	:	4000 lt capacity PVC Ball valve system rust proof coated enamel paint two coats
<b>Dimension of the water tanker</b>	:	<ol style="list-style-type: none"> <li>1. Overall Length : 3965 mm or 2530 mm or 2400 mm</li> <li>2. Overall Width : 1710 mm or 1800 mm or 1500 mm</li> <li>3. Overall Height : 2050 mm or 1250 mm or 1200 mm</li> <li>4. Wheel Track : 1500 mm</li> </ol> Speed limit : 30 kmph
<b>Load Details:</b>	:	Pay load :4000 lts Unladen weight :950 kgs GLW:4950 kgs
<b>Gauze: Tank Sheet:</b>	:	Thickness: front & Back 5mm MS Sheet Round Sheet : 4mm MS Sheet Inside : Two stopper welding, Grinding, painting (including spring plate set 2 Nos)
<b>Chassis Dimension</b>	:	150 x 75 or 125 x 63 mm channel chase

Axle		90 mm round shaft /Bearings & hub MLV -13/16, Spring kata
Power Source		Tractor 25 HP and above
Tyre size		9 x 20 x 16 ply
Hitching arrangement	:	Drawbar hook point hitch system
Toe Bar	:	Toe bar fabricated with 2 Nos of ISMC 125 x 65 channels
<b>Trailer Chase</b>	:	
Toe bar size (ISMC)	:	125 x 65 mm : channels section module : 666 mm
Chase ground clearance	:	450 mm

<b>Tank mounting chassis frame size</b>	:	3050 mm - Total length 3050 x 840 mm – Square frame section width 250 x 680 mm Trapezoidal section to toe point
<b>Cross sectional dimensional view of "U" channel main chase frame</b>	:	150 x 75 x 6 mm <sup>3</sup> 125 x 70 x 70 x Square bars
<b>Supporting cross bar with</b>		2050 mm tapered span length 118 x 75 x 6 (studs-1) 110 x 75 x 6 (studs-2) 60 x 75 x 6 (studs -3)
<b>Wheel base of trail (out of out)</b>	:	1950 mm
<b>Tyre size</b>		9 x 20 -14 PR or 9 x 20-16 PR

### Constructional details of water Tank:

The water Tank is fabricated with MS sheet by rack welding for both the with sheet bending method of oval shape the overall dimension of the tank is given below.

<b>Shape</b>	:	Parabolic hexagonal diameter with elongated length
<b>Overall Length</b>	:	3050 mm
<b>Overall Peripheral diameter</b>	:	2000 x 210 x 2000 x 210 with dia height 1260 mm
<b>Patrician shell</b>	:	2 nos shells, @ 1500 mm center of tank
<b>Tank MS sheet thickness</b>	:	4.0 mm
<b>MS Sheet welded</b>	:	6 mm

### Specification for 5000 lts capacity

<b>Mode of operation :</b>	:	Water Tanker on Trailer Chase tractor (5000 lt capacity) Drawn with spring suspension. Blade set
<b>Type &amp; Size (mm) :</b>	:	Parabolic hexagonal diameter with elongated length (2000 x 210 x 1260) mm
<b>General Specification</b>	:	
<b>Volumetric capacity of the water tanker</b>	:	5000 lt capacity PVC Ball valve system rust proof coated enamel paint two coats
<b>Dimension of the water tanker</b>	:	Length : 3965 mm or 2700 mm Width: 1800 mm or 1650 mm Height :2050 mm or 1200 mm

<b>Load Details:</b>	Wheel Track :1500 mm
<b>Gauze:</b>	Pay load :5000 Its
<b>Tank Sheet:</b>	Unladen weight :950 kgs
	GLW:5950 kgs
	Thickness front & Back 5mm MS Sheet
	Round Sheet : 4mm MS Sheet sides
	Inside : Two stopper welding, Grinding, painting (including spring plate set 2 Nos)
<b>Chassis Dimension</b>	: I.S.M.C 125 x 63 or 150 x 65 or 150 x 75 channel chase
<b>Axle</b>	: 90 mm round shaft /Bearings & hub MLV -13/16, Spring kata
<b>Power Source</b>	: Tractor 25 HP and above
<b>Hitching arrangement</b>	: Drawbar hook point hitch system
<b>Toe Bar</b>	: Toe bar fabricated with 2 Nos of ISMC 125 x 65 channels
<b>Trailer Chase</b>	:
<b>Toe bar size (ISMC)</b>	: 125 x 65 mm : channels section module : 666 mm
<b>Chase ground clearance</b>	: 450 mm
<b>Tyre size</b>	: 9 x 20 -14 PR or 9 x 20-16 PR

<b>Tank mounting chassis frame size</b>	:	3050 mm - Total length 3050 x 840 mm – Square frame section width 250 x 680 mm Trapezoidal section to toe point
<b>Cross sectional dimensional view of "U" channel main chase frame</b>	:	150 x 75 x6 mm <sup>3</sup> 125 x 70 x 70 x Square bars
<b>Supporting cross bar with</b>		2050 mm tapered span length 118 x 75 x 6 (studs-1) 110 x 75 x 6 (studs-2) 60 x 75 x 6 (studs -3)
<b>Wheel base of trail (out of out)</b>	:	1950 mm
<b>Tyre size</b>		9 x 20 -14 PR or 9 x 20-16 PR

### Constructional details of water Tank:

The water Tank is fabricated with MS sheet by rack welding for both the with sheet bending method of oval shape the overall dimension of the tank is given below.

<b>Shape</b>	:	Parabolic hexagonal diameter with elongated length
<b>Overall Length</b>	:	3050 mm
<b>Overall Peripheral diameter</b>	:	2000 x 210 x 2000 x 210 with dia height 1260 mm
<b>Patrician shell</b>	:	2 nos shells, @ 1500 mm center of tank
<b>Tank MS sheet thickness</b>	:	4.0 mm
<b>MS Sheet welded</b>	:	6 mm

**\* For both 4000 Its and 5000 Its capacity water tanker compartment is compulsory.**

### **Rate Approved for Water Tanker**

<b>Water Tanker Capacity</b>	<b>Approved Rate for Water Tanker</b>	<b>Agreed for Approved rate and Applied for which capacity of water tanker</b>
4000 lts		
5000 lts		

**Signature of Manufacturer**

## **Annexure-II**

### **AFTER SALES SERVICE CENTRE**

1. Each company should have established at least one after sales service centre in each of the district of their area of operation.
2. It should provide free after sales service for the warranty/guarantee period.
3. It should keep copies of detailed operational and maintenance manual in vernacular language.
4. List of service center offices with full address/telephone number/email should be widely published.

## **Annexure-III**

### **Mode of Implementation**

- The interested farmer shall submit application for subsidy to water tanker along with all required documents.
- The company selected by the farmer should sell the water tanker to farmer.
- The applicant will be issued a letter of intent with a copy marked to the respective company/dealer.
- The company should provide 5 years warranty/ guaranty for the water tanker supplied.
- The company shall provide the specified documents to the farmer (Invoice, delivery note).
- The applicant shall submit the application for subsidy along with required documents.
- Should provide after sales services.
- The implementing officer shall then visit and take necessary action to provide the subsidy.
- The subsidy will be sanctioned and released as per the guidelines of the Department issued from time to time depending on availability of funds.
- The payment of subsidy shall be done only to the farmers or the loan account of the farmers if any, obtained for the purpose of purchase of water tanker.
- The funds allocated will be category wise [special component sub plan (SCSP), Tribal sub plan (TSP), small-marginal farmers (SFMF), women farmers and other farmers]. Therefore, due preference should be given to such categories as per GOI norms.

## Annexure –IV

### REGISTRATION FORM FOR APPROVAL OF COMPANIES UNDER THE PROGRAMME ASSISTANCE TO PURCHASE OF WATER TANKER FOR THE YEAR 2019-20

1.	Name of the Parent Company	
2.	Name and Address of the Company Name of the Managing Director / Proprietor Phone Number Fax Number E-mail ID Web Site	
3.	Address of the Manufacturing Unit	
4.	Name / Names and Residential Address of Authorized person Phone Numbers Office Residence Fax Mobile E-mail ID Educational Qualification	
5.	Registration Document purchased (Fee)	Receipt No Date
6.	Details of Bank Guarantee furnished	BG N Date of purchase Date of Expiry Name of the bank
7.	Details of Registration Fee Paid	DD No & Date Name of the Bank
8.	VAT Registration Number (GST Number) (Enclose a copy of GST Certificate)	GST No Registration Date
9.	PAN Number (Enclose a copy Pan card & a copy of Latest IT Return)	2018-19 IT returns
10.	Copy of latest VAT paid acknowledgement Enclosed copy of acknowledgement	
11.	Turnover of the Company for the last 3 Years a) 2016-17 b) 2017-18 c) 2018-19 Total turnover for last three years (Details of turnover to be attached) (For manufacturer belonging to small scale Industry located in Karnataka should have a minimum business of Rs 0.25 crores per annum for the last 3	Rs. ____lakhs (in words)

	consecutive years and .Rs. 0.50 crores per annum for the last 3 consecutive years for others. Original copy of Statement of accounts to be enclosed.	
12.	List of Branches/ Offices & Service Centre in their operating districts in Karnataka	
13.	Valid RTO License (Blue print) for water tanker enclosed	<u>License No</u> <u>Valid till</u>
14.	Whether all the documents enclosed	

**Note:**

- i) The Company must manufacture water tanker
- ii) The water tanker supplied should be as per the approved Technical specification and rate

**Annexure-V**

**DEALERS DATA FOR APPROVAL UNDER THE PROGRAMME ASSISTANCE TO PURCHASE OF WATER TANKER**

1.	Name of the Parent Company		
2.	Dealership Firm Name		
3.	Full Address of the Firm Place: Taluk : District: Postal Pin Code:	1.  3.	2.  4.
4.	Name of a) Proprietor b) Aadhaar number c) Partners / Directors	1.  3.	2.  4.
5.	Phone Numbers of all partners/Director/Proprietor	1.  3.	2.  4.
6.	Educational Qualification of all Partner/Director/ Proprietor	1.  3.	2.  4.
7.	Name of the Contact Person with Phone Number		
8.	Name of the Contact Person with Phone Number		
9.	GST Number (Enclose GST registration Copy & Latest Monthly return Copy)		
10.	PAN Number (Enclose Copy of latest Income Tax returns)		
11.	How long the dealer is in water tanker Business		
12.	Area of Operation of each dealer whether enclosed (Yes/No) Not more than 3 districts		
13.	Registration fee (not refundable if registered )of Rs.5,000/- paid details		

## **Declaration by the Manufacturer**

- 1) We have read and understood the Terms and conditions relevant to the documents Reference No:.....and we have agreed for registration in accordance with the Terms and conditions specified.
- 2) We agree for all the Terms and Conditions stipulated now and from Time to Time by Government of Karnataka.
- 3) We agree to follow strictly the guidelines issued by the Department.
- 4) We are aware that our registration is liable for cancellation and we will be black listed if we are found violating the guidelines, indulge in mal-practices, supply of substandard water tanker etc.
- 5) We are fully responsible for the acts of our Dealers and ensure that the dealers adhere to the guidelines and also render prompt service to the farmers. We are also aware of the condition that our registration is liable for cancellation if our Dealer indulge in Malpractices.
- 6) The information furnished in the Registration Form is True and based on Facts and we understand that our Application is liable for rejection if any information is found to be False and not correct at any point of Time.

**Place:**

**Date :**

**Seal and Signature of the Manufacturer**

**DECLARATION OF THE DEALER**

- 1) I / We agree for all the Terms & Conditions stipulated by the Department from time to time.
- 2) I / We agree to strictly follow the guidelines issued by the Department.
- 3) I / We are Dealers for .....Company only and will not deal with any other Company for water tanker.
